2. Serve as a student minister at Lutheran Campus Ministry an average of 8 hours per week during the academic year (excluding winter break and spring break and document my hours).
3. Coordinate events or ongoing projects in the area of responsibility I have agreed to lead (Hospitality/Outreach, Worship, Faith Formation, Service, Social Justice, or Graduate Student / Young Adult Ministry).

7. Share written updates on my work once per semester for Lutheran Campus Ministry newsletters and media.
8. Offer candid and honest feedback about the program in surveys twice per year.

As a person committed to growing in spiritual leadership with others, I will:

1. Seek to grow in my understanding of what it means to follow Christ. I will look for God's presence in my daily life and embrace being challenged and challenging others.
2. Stay in relationship with my cohort, especially in challenging times. Rather than withdrawing or disengaging, I will be honest and proactive in my communication; I will stay at the table.
3. Be a team player, working in collaborative partnership with others. I will seek support when I need it and give support when others need it.
4. Keep confidentiality and trust within the group and in the course of my work at Lutheran Campus Ministry. I will be honest and share openly with other interns, but I will not share confidential information outside of the cohort group.

In all these things, I will approach my sisters and brothers with humility and grace.
